

Stream Conservation Targets, CLN 2.0

Stream Rank	Total miles, CLN 1.0	Total miles, CLN 2.0	Change*
Priority 1	895	1,258	363
Priority 2	1,537	1,421	-116

* Changes are largely attributable to the addition of Santa Cruz County to the study area.

Stream Conservation Targets, CLN 2.0

- Priority 1
Presence of coho salmon and inland steelhead (including adfluvial rainbow trout)
- Priority 2
Presence of inland native fish and coastal steelhead streams
- Priority 3
All other mapped streams.
